# DESIGN YOUR LIFE

## FIND YOUR NICHE

For over 10 years since her retirement, Rhoda has been meeting weekly with the same group in the Craft Centre designing and creating fashion jewellery, "I wanted to do something creative and have always had an eye for costume jewellery," says Rhoda. She started with her first class and built up her skill set learning and growing continuously inspired by veteran teacher Anne Nishmas. "Anne is an amazing teacher exuding such warmth and encouragement - she has kept us coming back for over a decade with no plans to stop!" Friendships have formed and each class is a beehive of activity concentrating on creating unique jewellery pieces while socializing. Having been around the Centre for so long drew Rhoda to participate on several committees organizing various workshops. "I am passionate about the Centre - everyone has a place, from active seniors to those needing specialized services," says Rhoda, "We have a truly integrated community at Cummings where anyone from any background can find what they need. No-one should feel isolated. The Cummings Centre makes sure everyone feels a part of the community. I love it!"

- Rhoda Smith
