# 99 WAYS TO MAKE AN IMPACT

The impact our volunteers make on a daily basis can be seen on the smiling faces of the people with whom they interact. Their contribution is felt and seen in so many areas. Significant strides in the adapted exercise gym, funds raised to ensure our continued delivery of services to those in need, strategic decisions thrusting our Agency to the forefront of innovation for the 50+ population are all due to the dedication of our volunteers. Bonds are made through support and genuine sharing whether welcoming someone at the door, assisting in the Tech Lounge or serving a meal.

"Our Cummings Centre volunteers are outstanding individuals making a remarkable impact," says Lynn Gordon, Director of Volunteer Services. "Our volunteers inspire us with their passion and commitment. We hope you will join our team of volunteers and see how you too can make an impact. Whether big or small, each impact matters and does make a difference."

## STAY AHEAD OF THE CURVE

### DROP BY THE TECH LOUNGE

*I enjoy volunteering my time teaching seniors so capable of understanding the possibilities of computing. The Tech Lounge offers members an opportunity to drop-in and use the computers on site, or bring in their own devices. We're there as a resource helping with technical glitches and on-site coaching. Members find a friendly face, get good advice and always leave with smiles on their faces.*

### ROLL UP YOUR SLEEVES

*Having recently retired after a long working career, it was time to give back in some way to the Jewish community. Volunteering at Cummings makes me proud as the many programs and services provided through the Centre truly nourish so many members of our community. I am especially proud that people from all communities are welcome.*
